## Description:

If you can dream it, you can design it. Whether your goal is to design your own marketing materials, launch a visually compelling blog, or just have some fun creating your own CD covers, The Complete Idiots Guide® to Graphic Design is your one-stop reference. Presented in an intuitive, accessible format, here are the fundamental elements of design and design principles, as well as instruction on how to apply those elements and principles to a variety of projects. Covers art supplies, software, concept development, reproduction needs, and much more. Sample projects include business cards, print and web ads, and graphic T-shirts. Follows the success of other titles aimed at the aspiring artist, including the Complete Idiots Guide® titles on digital photography, drawing, and manga.

If you are looking for in depth information, this is not the book for you... Most of it is common sense, however, there are tidbits in there that have helped me connect some dots on various topics. Im glad I purchased this.
